ESCAPED MANIAC IS HELD BY LOCAL AUTHORITIES

YOUR FALL AND WINTER OUTFIT FREE

State Asylum Inmate Captured on Freight Train; Superintendent Is Coming Here After Him.

H. L. White, an escaped inmate of the state hospital for the insane at Las Vegas, is held by the local police. He was turned over to the city authorities by the conductor of a freight train arriving here early today.

One of the freight crew found White aboard the train. To the conductor he said he had escaped from "a hospital." His actions led to suspicion regarding the particular hospital and the conductor put him under restraint.

Chief McMillin called up the hospital this morning and learned that White was missing from the asylum. He was told that Dr. Miles, the superintendent, was at Carrizozo, and would stop here on his way back to the institution to get White.

EPIDEMIC CHECKED BY QUARANTINE IN SAN MARCIAL

Energetic measures ordered by Dr. G. Rice, the president of the state health board, are believed to have brought about a check to the diphtheria epidemic in San Marcial.

A score of cases were at the touch a week ago but since then no new ones have been reported. At that time Dr. Rice was moved to issue strict orders because it was said that the local authorities were not enforcing quarantine regulations as they should. Dr. Rice sent word that if the houses were not properly quarantined he would take steps to have the whole town put under quarantine. He ordered theaters and other places where the public assemble closed.

Tennis shoes in all sizes at C. May's Shoe store, 314 West Central Ave.

HELP-RELIANT HOME DOCTORS

ELY DECLINES TO DISCUSS DEMAND FOR RESIGNATION

Republican State Chairman Here Yesterday Uncommunicative on Charges Brought by the Journal.

INVESTIGATION WILL BE MADE IMMEDIATELY

Senator Catron Says It Should be in Gallup; No Political Significance Attached; Visits Hon. Modesto C. Ortiz.

- Santa Fe, N. M., Sept. 14.—In a statement made here today Chairman H. C. Ely of the Republican state committee said he believed charges made against H. C. Hernandez, Republican candidate for congress by the Albuquerque Journal, in connection with the official record of Hernandez as a county officer of Rio Arriba county, were malicious and that while he had not talked with Hernandez he felt satisfied the candidate would "take steps in court to protect himself."
- Hernandez, who has been campaigning in San Juan county, is expected here tonight. Pending his arrival Ely said he would make no further statement.
- The primary for precinct 26 will be held at the Central school building, corner of Third street and Lead Avenue, and the 26th precinct will hold its meeting in the N. M. Athletic club rooms in the Old Masonic temple, 112 North Third street. Democrats of the two precincts are urged to be out promptly at 8 o'clock.
- The primaries in the country precincts were held this afternoon and while complete returns are not in, all delegations have been selected from every precinct in the county for the first time in recent years, insuring a thorough representation of the country districts in the convention.
- It is possible that the recent illness of Governor McDonald may prevent his attending the convention Thursday night, although it was expected today that he would be able to be here, although he may not be able to speak. In that case another prominent speaker will be substituted to appear with Mr. Hill and the eloquent secretary of state, Mr. Lucero.

A big cloak and suit house, which does an immense mail order business, sent a carload of fall and winter catalogues to the local postoffice for distribution throughout the first and second zones of this office. The shipment came from Chicago and arrived today. There were 176 mail sacks of matter in it.

Chairman Ralph C. Ely, of the Republican state committee, declined to discuss in any way yesterday the demand for the resignation of H. C. Hernandez, Republican candidate for congress, made by the Morning Journal, the leading Republican newspaper of New Mexico, in connection with a revival by the Journal in the same issue of charges made against Mr. Hernandez by the traveling auditor's office while the congressional candidate was county treasurer of Rio Arriba county. Mr. Ely also declined to discuss the demand of the Journal that in the event of Mr. Hernandez's refusal to resign the chairman should give up his position as manager of the G. O. P. in New Mexico.

"I have nothing at all to say on this matter at this time," said Mr. Ely. "I shall return to Santa Fe tonight and probably will meet Mr. Hernandez there Monday on his return from San Juan county. Pending my meeting with Mr. Hernandez I have nothing at all to say."

Mr. Ely was ready and willing to talk state fair matters which he did in considerable length and with his usual enthusiasm. But all efforts to lead him into a discussion of the charges against Mr. Hernandez were fruitless. The same attitude was maintained by United States Senator T. B. Catron, who spent the day here yesterday, arriving in the morning from Gallup, where he has been on legal business. Mr. Catron has been credited with being largely instrumental in bringing about the nomination of Mr. Hernandez. He declined to discuss the demand for the candidate's resignation or the charges made against him in any way.

It was intimated yesterday by

local Republicans that an investigation into the books of the Hernandez horses was being made, since at the instance of Chairman Ely, but that neither he nor the candidate had any intention of resigning. This also the chairman refused to discuss. To the question as to whether or not he had been acquainted with the Rio Arriba county investigation prior to Mr. Hernandez's nomination for congress, Mr. Ely returned the same refusal to discuss the matter at all.

Catron Sees Modesto.

Mr. Ely and Senator Catron were in consultation with several groups of local Republicans yesterday, and it was stated that plans for a vigorous campaign were being talked over both for Bernallillo county and elsewhere in this part of the state, where it is freely admitted that much campaigning will be necessary to hold Republican voters in line for the ticket.

Senator Catron yesterday visited Attorney Modesto C. Ortiz, who is still a candidate for the legislature on the Republican ticket, in spite of vigorous and uncompromising efforts to pull him off. Whether the senator's visit had to do with legal business or whether, as was rumored, he was attempting to use his well-known persuasive powers on the candidate to induce him to abandon his place on the ticket and the recognition of his faithful party service which it includes. Senator Catron had nothing to say on the subject.

The senator said that it showed a little while he was in Gallup. However, no political significance was attached by him to the incident. The senator and Mr. Ely left for Santa Fe last night.

DEMOCRATS HOLD PRIMARIES TONIGHT

Each of City Precincts Will Name 28 Delegates to Big County Convention Thursday Night.

Democrats of the two Albuquerque precincts will hold primaries tonight at 8 o'clock for the election of 28 delegates each to the big county convention Thursday night when legislative nomination will be made and when Governor McDonald, Adolph P. Hill, candidate for the state corporation commission, and other prominent speakers will address the people.

The primary for precinct 26 will be held at the Central school building, corner of Third street and Lead Avenue, and the 26th precinct will hold its meeting in the Old Masonic temple rooms in the Old Masonic temple, 112 North Third street. Democrats of the two precincts are urged to be out promptly at 8 o'clock.

The primaries in the country precincts were held this afternoon and while complete returns are not in, all delegations have been selected from every precinct in the county for the first time in recent years, insuring a thorough representation of the country districts in the convention.

It is possible that the recent illness of Governor McDonald may prevent his attending the convention Thursday night, although it was expected today that he would be able to be here, although he may not be able to speak. In that case another prominent speaker will be substituted to appear with Mr. Hill and the eloquent secretary of state, Mr. Lucero.
